

## PRODUCT DATA SHEET

### Empatia terra

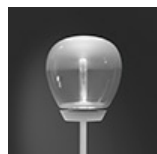

Empatia is inspired by the association between the great glass-blowing tradition and the LED technology of Artemide. High interest in the expression potentials of this material resulted into co-operation with master glass blowers to gain full control of the special suppleness of Venetian glass and to work on the balance between surface and light, between subtle densities and transparencies. Hence clear, pure craft objects, each of them unique in all respects. Transparency and opacity are wisely dosed to obtain a glass that reflects light without glaring and without losing efficiency. Hence optical device, whose heart is a high-performance LED-based light engine created separately from the glass emission body in favor of higher thermal efficiency and performance. Light is controlled with maximum yield and driven towards the glass diffuser through a transparent pipe with a very low absorption coefficient.

White

LED Dimmable

650°C° IP20

W	Dimensions	Luminous Flux (lm)	Color	Code	Product name
20W	H 150 cm	709lm	○	1820010A	Empatia 26 Floor

<b>Empatia terra LED</b>	LED	luminaire
<b>Power</b>	20W	20W
<b>Flux</b>	1710lm	709lm
<b>CCT</b>	3000K	3000K
<b>CRI</b>	90	
<b>Color Tolerance</b>	MacAdam 2SDCM	
<b>Service Life</b>		
<b>Efficiency</b>		50%
<b>Efficacy</b>		45lm/W
