Le tecniche fotografiche non consentono una perfetta riproduzione delle tonalità di colore, che vanno pertanto considerate come puramente indicative. Per una migliore resa, si consiglia di consultare l'elenco a video, poiché la stampa potrebbe virare ulteriormente i colori. Photographic technique does not allow any perfect colour reproduction, therefore colours in this catalogue are not binding. For a better result, we kindly suggest to consult the list from your screen, since printed photos could modify further the output of colours.
